1.0 Whistleblowing Policy

1.1 Definition

A whistleblower is a person who raises a concern about suspected or actual wrongdoing occurring in an organisation or body of people. This person could either be someone within or outside the organisation. The revealed misconduct may be classified in many ways; for example, a violation of a law, rule, regulation and / or a direct threat to public interest, such as fraud, health / safety violations, and corruption. Whistleblowers may voice or raise their concern internally (for example, to other people within the accused organisation) or externally (to regulators, law enforcement agencies,).

1.2 Purpose

In line with the Malaysian Anti-Corruption Commission Act 2009 (revised Amendment 2018), Whistleblower Protection Act 2010 and the Malaysian Code on Corporate Governance 2021, TIME dotCom Berhad (“TIME” or “Company”) and its group of subsidiaries (“TIME Group” as defined in Section 1.3 below) has adopted a Whistleblowing Policy, which outlines TIME Group’s commitment to encourage any party to raise genuine concerns about possible improprieties in matters of financial reporting, compliance and other malpractices at the earliest opportunity, and in an appropriate way.

This Whistleblowing Policy provides clear procedure and framework by which employees, directors, shareholders, consultants, vendors, contractors, agency, customers or anyone within or outside TIME Group can confidently, and anonymously if they wish, voice concerns or complaints regarding any act or conduct that is in violation of the rules of conduct and laws, actual or suspected misconduct, illegal or unethical behaviour without fear of potential discrimination against them.

This Policy is designed to:

Promote and maintain high transparency and accountability in the workplace;

Promote good corporate governance practices in the workplace;

Ensure that directors, staff, vendors, contractors, consultants or anyone within or outside the organisation can raise concerns without fear of reprisals and safeguard such person's confidentiality;

Protect a whistleblower from reprisal as consequence of making a disclosure;

Provide a transparent and confidential process for dealing with concerns;

Protect the long-term reputation of the Company;

Support the Company's values; and

Maintain a healthy working culture and an efficient Company.

Ensure that directors, staff, vendors, contractors, consultants or anyone within or outside the organisation can raise concerns without fear of reprisals and safeguard such person's confidentiality;

This policy not only covers improprieties in matters of financial reporting, but also:

Negligence in carrying out work obligations;

Fraud;

Corruption, bribery or blackmail;

Criminal offences or any breach of the laws, regulations and directives where the wrongdoer knowingly or intentionally disregards compliance with such provisions;

Failure to comply with TIME's Code of Conduct including non-compliance with legal and regulatory obligation;

Miscarriage of justice;

Endangerment of an individual's health and safety; and

Breach of trust, abuse of power/ authority, forgery or alteration of any documents belonging to TIME, anti-competition behaviour, conflict of interest, breach of TIME policy, money laundering, racial discrimination, harassment, bullying & sexual misconduct, damage to the environment, insider trading and malpractices;

Concealment of any, or a combination, of the above

1.3 Scope

This Whistleblowing Policy applies to TIME Group (being TIME and all of its subsidiaries). All employees including full-time, part-time and temporaries, directors, shareholders, consultants, vendors, contractors, agency, customers or anyone within or outside the organisation are encouraged to come forward and disclose any wrongdoing that may adversely impact the Company.

1.4 Principles

The principles underpinning the Policy are as follows:

Internal procedures to facilitate necessary whistleblowing, in a timely and responsible manner, are in place and easily accessible to all within or outside the organisation;

All disclosures will be treated fairly and properly, and addressed in an appropriate and timely manner so long as there is a basis for the concern and the disclosure is made in good faith and not for personal gain or motivated by ill or malicious intention;

The Company will not tolerate harassment or victimisation of anyone raising a genuine concern;

The identity and personal information of the whistleblower will be protected and kept confidential, unless the individual agrees otherwise or unless otherwise required by law;

The whistleblower and the alleged wrongdoer will be treated fairly. The whistleblower will be informed of the status of their disclosure and the alleged wrongdoer will be given an opportunity to respond to all allegations at an appropriate time (not necessarily at the start, or during, the investigation);

Personal information, including the identity of the whistleblower and the alleged wrongdoer shall only be revealed on a 'need-to-know' basis;

Allows for anonymous reporting if preferred.

The Company will ensure no one will be at risk of suffering reprisal as a result of raising a concern even if the individual is genuinely mistaken. The Company, however, does not extend this assurance to someone who maliciously raises a matter they know is untrue; and

Any form of retaliation against individuals who have reported a wrongdoing or who have facilitated with the investigations is a breach of the principal obligation of all staff members to uphold the highest values and integrity.

The Whistleblower should initially communicate a Reportable Misconduct to the Regional Head, Internal Audit.

TIME also has provided various avenues which employees, directors, shareholders, consultants, vendors, contractors, agency, customers or anyone within or outside the organisation are encouraged to use to report allegations of wrongdoing or unethical business behaviour. In the event the whistleblower suspects the Regional Head, Internal Audit is involved, they should communicate to one or more of the following persons within the Company:

- Chairman, Board Audit Committee
- Commander-in-Chief

5.0 Required Evidence

In order to comply with this Whistleblowing Policy, the Whistleblower is required to have reasonable grounds for suspecting the Reportable Misconduct (the complaint or concern).

The Whistleblower should, at a minimum, be required to provide in the complaint or report, whether in writing or telephone, information regarding the type of activity or conduct constitutes the Reportable Misconduct, identify the person(s) suspected as being involved, when it occurred and who was affected. The information has to be first-hand knowledge of the facts disclosed in the Report.

In the event there is insufficient evidence to support their allegation, the Whistleblower should not be discouraged from making a Report.

6.0 Whistleblower's Protection

TIME vendors, contractors or staff who lodge a complaint or report in good faith and in accordance with the Policy are protected against discrimination, harassment, being dismissed or penalized by TIME because of the complaint or report itself. Therefore, all TIME Employees, officers and contractors must not victimise any person, or cause any person to be victimised, just because a complaint or report was made under this Policy.

Victimisation could include intimidation, harassment, threats, and action causing injury, loss or damage, discrimination, disadvantage, adverse treatment in relation to a person's employment, career, profession, trade or business. TIME will regard any such victimisation very seriously and take appropriate action, which may include in the case of Employees, disciplinary action and / or dismissal.

Whistleblower's identities will not be disclosed without prior consent. Where concerns cannot be resolved without revealing the identity of the whistleblower raising the concern (i.e. if the evidence is required in court), a dialogue will be carried out with the whistleblower concerned as to whether and how the matter can progress further.

If a whistleblower reasonably believes that he / she is being subjected to reprisal, including harassment and victimisation, as a consequence of whistle-blowing, he/ she may consult or report to the appointed persons as below:

Name	Position	Contact	E-Mail
Syed Abdul Qader Bin Mohd. Ansari	Regional Head, Internal Audit	019-3322283	syed.qader@time.com.my
Kuan Li Li	Audit Committee Chairman	+65 96311346	kuan.li.li@time.com.my

Making a complaint under the Whistleblowing Policy does not shield the person from the consequences of being involved in any improper conduct or unlawful activity alleged in a complaint under the Policy. However, in some limited circumstances, a full and frank admission may be a mitigating consideration in respect of disciplinary or other action.

Employee and industrial relations related issues and human resources related issues are excluded from the operation of this Policy because there are other established mechanisms to raise such complaints.

Whistleblowers are strongly discouraged from making a Report in bad faith or based on unfounded allegations or containing malicious, slanderous or frivolous claims.

7.0 Investigation Procedures

Once the claim of misconduct is made, the Regional Head, Internal Audit is responsible to assess, investigate and report on the complaint or report and propose an action plan in a fair and timely manner.

The Regional Head, Internal Audit should not disclose the report or identity of the Whistleblower to the CIC, Senior Management or members of the Board if they are suspected of being involved in the Reportable Misconduct.

The Regional Head, Internal Audit cannot disclose the identity of the Whistleblower to any third party other than the Malaysian Anti-Corruption Commission (MACC), Bursa Malaysia Securities Berhad, Securities Commission or the Malaysian Police, unless prior consent of the Whistleblower is received.

Reasonable steps should be taken by the assigned investigators to ensure that investigations regarding the complaint or report are fair and unbiased. Special care should be taken to ensure that:

Investigations will be carried out as fast as reasonably practicable and with a degree of confidentiality consistent with the seriousness of the allegations raised;

Any person who may be affected by the investigation should have the opportunity to put their case forward and to be aware of the allegations and evidence against them; and

Internal Audit will obtain specialist, independent advice on matter outside their knowledge or expertise. All Employees of TIME are required to assist the investigators to the maximum possible extent in carrying out investigations

Employees who believe they are being penalised in any way for Whistleblowing or who believe that there have been cover up of the action disclosed or who do not consider that they have had a satisfactory response to their disclosure should write to the Chairman of the Audit Committee with the facts.

All detailed records of all the evidence gathered, interviews conducted and all records received which affect the outcome of the investigation would be kept by the Internal Audit Division.

8.0 Disclosure

It will generally be inappropriate for the Regional Head, Internal Audit or other investigators to make reports regarding progress of the investigation to anyone other than the Board of TIME and / or the Audit Committee and CIC as it could tarnish the corporate image of the Company or unfairly damage the reputation of the people who are the subject of the allegations.

In order to gather more information or obtaining feedback, Internal Audit and / or other investigators may also choose to involve the Whistleblower (if he / she has identified themselves) in the investigation.

Internal Audit or investigators could however exclude the Whistleblower from the investigation if they believe that the interests of a fair investigation or the protection of the Whistleblower are served better.

9.0 Reporting

The Regional Head, Internal Audit will submit the investigative reports which include all findings or evidence, to the Board of TIME Audit Committee and Senior Management of the Company.

The Internal Audit Division shall retain all records relates to all of the reported misconduct through this Whistleblowing Policy for a period of 7 years on behalf of the Audit Committee.

10.0 Action Plan

If the claim of malpractice or misconduct is substantiated, then the Company will undertake appropriate disciplinary action against the responsible individual(s) up to and including termination of employment. The Management of TIME will subsequently take action to prevent the misconduct from continuing or occurring in the future based on the recommendation contained in the investigation report.

This may include:

- a. terminating, withdrawing from or modifying TIME's involvement in the

- project, transaction or contract identified in the report;
- b. repaying or reclaiming any improper benefit obtained;
 - c. disciplining responsible personnel (which, depending on the severity of the issue, could range from a warning for a minor offence to dismissal for a serious offence);
 - d. reporting the matter to the authorities; and
 - e. if bribery has occurred, take action to avoid or deal with any possible consequent legal offences

Any act of retaliation or victimisation against the whistleblower will result in disciplinary action, up to and including termination of employment against the employee performing such acts. The malicious use of the Whistleblowing Policy will result in disciplinary action against the whistleblower complainant, up to and including termination of employment.

11.0 Unproven Misconduct

If a complaint or report of the misconduct cannot be proven from the investigation, no further action is taken at that point. However, if any new evidence is introduced subsequently, the investigation may be reopened.

12.0 Policy Review

TIME Whistleblower program (including this Policy) will be reviewed at least every 3 years by the Senior Management, in consultation with the Internal Audit Division.

The review should address the overall effectiveness of the Whistleblower program, by taking into account the number and the nature of complaints or reports made, the manner in which the investigations are carried out (including the associated costs to the Company), the findings of the investigations and the course of action taken, the consequences of making a complaint or report on the Whistleblower, the level of awareness and understanding of the policy among employees and the general compliance with this Whistleblowing Policy.
