

D-LINK DIR-850L

LOGGING IN YOUR D-LINK ROUTER

FOLLOW THESE STEPS

1. Connect the router to your computer via network cable (plug into any LAN port) or **WiFi**.

2. Launch your Web browser and key in **192.168.0.1** in the address column and press **Enter**
3. When the below screen appears, key in your password and **Log in**.

The screenshot shows the D-Link web interface for a DIR-850L router. The top navigation bar includes the D-Link logo, model name (DIR-850L), hardware version (B1), firmware version (2.06), and a language dropdown menu set to English. The main content area features a central login box with the following elements:

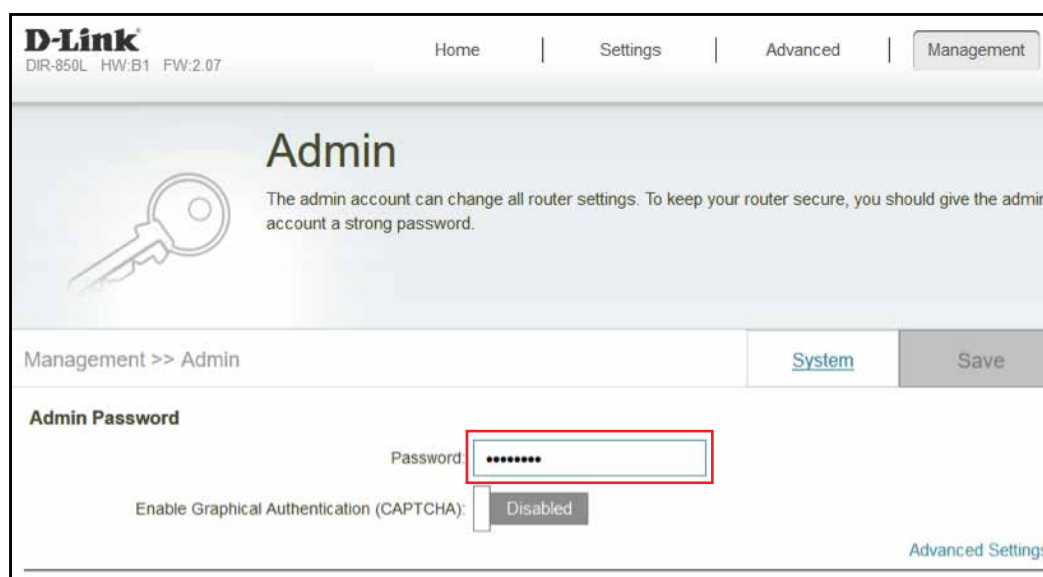

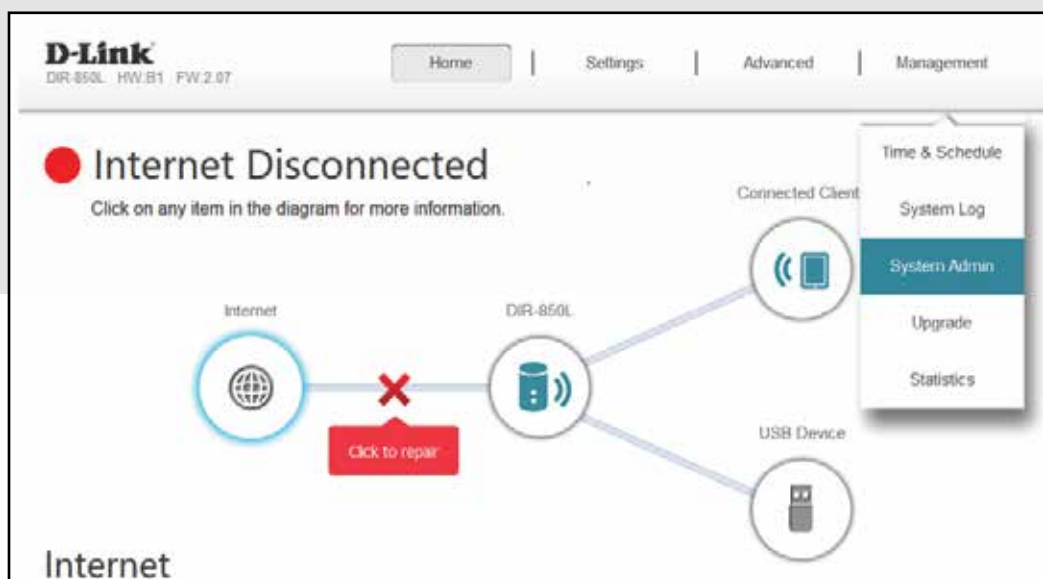

- Admin Password:** A label above a text input field.
- Log In:** A blue button with white text, highlighted with a red border.

Below the login box, there is a link: "To access your storage with SharePort Web Access, [click here](#)."

At the bottom of the page, the copyright notice reads: "COPYRIGHT © 2015 D-Link" followed by a [License Agreement](#) link.

GENERAL OPTIONS TO SECURE YOUR ROUTER

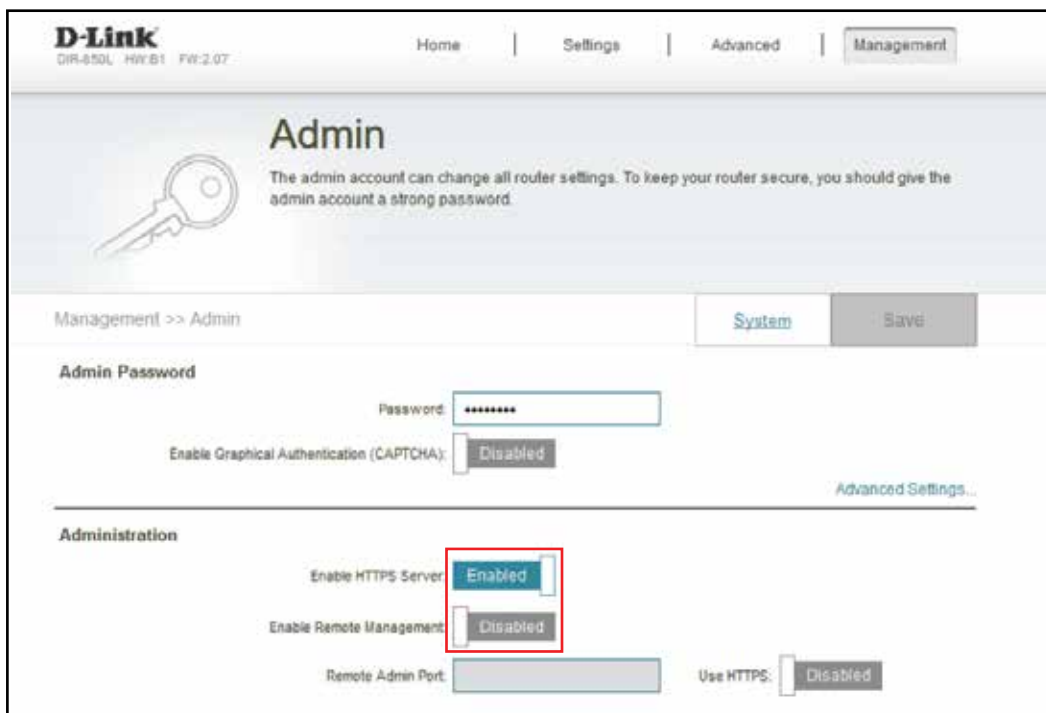

1. Ensure that the router is **not using** the default Admin password (blank password).

2. Ensure that the router cannot be managed remotely and to always use HTTPS when logging into the router.

Management > System Admin > Advanced Settings

- Enable HTTPS server is **Enabled**
- Enable remote management is **Disabled**

**YOU GET THE ROCKET.
WE DO THE SCIENCE.**
