Select Your Router

TP-Link Archer C1200

D-Link DIR-850L Wireless AC1200 Dual-Band
CONNECTING TO
TP-LINK ARCHER C1200
Step 1: Setting Up Your Device

1. Place a WiFi Booster unit (Booster#1) next to your router.
2. Connect Booster#1 to your router (either LAN 1 – 4) using the Ethernet cable.
3. Connect Booster#1 to a power outlet using the power cable. Switch on the power outlet and the device.

4. Place the 2nd WiFi Booster unit (Booster#2) at your desired location (within 4.5 – 6.5 meters away from Booster#1).
5. Connect it to a power outlet. Switch on the power outlet and the device.
6. **Wait 5 – 10 minutes** for both devices to complete automatic pairing.

7. Once they are successfully paired, LED lights will turn a **solid green**.

---

**Step 2: Setting Up Your WiFi**

1. Connect your mobile device to the AirTies WiFi connection.

   **WiFi name and password labelled at the bottom of your device.**
2. Download the AirTies WiFi app from Google Playstore or Apple App Store.
3. You can change your WiFi ID and password as well as access additional features from the app.
CONNECTING TO D-LINK DIR-850L WIRELESS AC1200 DUAL-BAND
Step 1: Setting Up Your Device

1. Place a WiFi Booster unit (Booster#1) next to your router.
2. Connect Booster#1 to your router (either LAN 1 – 4) using the Ethernet cable.
3. Connect Booster#1 to a power outlet using the power cable. Switch on the power outlet and the device.

4. Place the 2nd WiFi Booster unit (Booster#2) at your desired location (within 4.5 – 6.5 meters away from Booster#1).
5. Connect it to a power outlet. Switch on the power outlet and the device.
6. **Wait 5 – 10 minutes** for both devices to complete automatic pairing.
7. Once they are successfully paired, LED lights will turn a **solid green**.

---

**Step 2: Setting Up Your WiFi**

1. Connect your mobile device to the AirTies WiFi connection.

---
