Chairman's Statement

Dear Shareholders

On behalf of the Board of Directors, I hereby present the Annual Report and Audited Financial Statements of TIME dotCom Berhad for the financial year ended 31 December 2005.

Financial Performance

The Malaysian economy moderated in 2005, registering a growth of 5.3 percent after expanding an impressive 7.1 percent in 2004. With oil prices continuing to rise and a higher interest rate regime in operation, the economy is slated for another moderate expansion in the near term.

Against this backdrop, and coupled with the persistently rising competitiveness in the communications industry, TIME dotCom (the Group) posted a lower revenue of RM459.9 million in 2005 as compared to RM578.4 million in 2004. The lower revenue is mainly due to lower international interconnect revenue and payphone revenue, which have been adversely affected by the competitive pricing structure in both retail and wholesale businesses.

The Group posted a loss before income tax of RM237.9 million compared to RM831.9 million in 2004. This is a significant improvement resulting from lower cost of sales and operating expenditure. It was a result of the Group's conscious efforts towards reducing the high losses which were mainly due to higher depreciation after the company's decision to change the depreciation method which took effect in the fourth quarter of 2004.

The Fixed Line business (including Voice and Data, Indirect Access and Broadband products and services) continued to be the Group's major revenue earner, raking in RM273.5 million or 59.5% of the total revenue. The Payphone business under TIME Reach contributed RM168.0 million or 36.5% of total revenue while another RM18.4 million or 4% came from the Internet business.

Operational Highlights

Customer Focus Strategy

During the year, the Group continued to pursue its strategy of focusing on customers and intensified its efforts to improve its customer service. The TIME Priority Plus (TPP) club was established as part of our continuous efforts in improving customer loyalty and ensuring customer satisfaction. It entails specially-designed customer relationship management (CRM) programmes aimed at retaining these high-value customers and forging beneficial long term relationships with them.

Meanwhile, to inculcate a customer service culture amongst TIME employees, the "TIME Ambassador Programme" was launched. In 2005, all departments under Customer Service Division attained ISO 9001:2000 certification, signifying our commitment to customer service quality standards and excellence.

Network Improvement & Optimisation

In our efforts to ensure high service quality, two major network enhancement projects were undertaken in 2005, namely the Metro Ethernet Backbone Network (Metro-E) and the Metro Transmission Enhancement (Tip Top).

The Metro-E project transforms TIME dotCom's existing network into an Internet Protocol (IP)-based network, capable of providing higher capacity and facilitating new services.

Meanwhile, Tip Top further enhances TIME's existing fibre infrastructure resiliency. Under this project, the existing last-mile network equipment was replaced with the Next Generation Synchronous Digital Hierarchy (SDH) equipment, while a dual-connection concept was introduced to reduce dependency on one single hub.

To enable effective planning and better network optimisation, TIME adopted the Network Inventory and Capacity System (NICS) that will accelerate revenue growth through improved service delivery by providing accurate and reliable network information.

Chairman's Statement

Regulatory Matters

MCMC has issued a new Mandatory Standard on Access (MSA) that governs wholesale relationships between operators in relation to access to facilities and services under its Access List determination. The Group stands to benefit from the Access List as it opens up more market opportunities.

The development of the Voluntary Access Code by the MCMC, with cooperation from industry players was another milestone for TIME. A vital move towards self-regulation, the Code is aimed at regulating all matters concerning access and interconnect in the communications industry. TIME welcomes the timely arrival of the Code in a climate of rapid changes evolving the communications industry.

Outlook and Prospects

The Malaysian economy is expected to maintain a moderate growth rate in 2006 despite the increasing challenges of high oil prices. This, coupled with the continued competitiveness of the communications industry, will mean that 2006 will be yet another challenging year for TIME.

Nevertheless, TIME is optimistic of its potential in the broadband arena, more so with the recent award of the 3G spectrum by the Government. I am pleased to announce that TT dotCom, a wholly owned subsidiary of the Group, has recently been successful in its application for a 3G spectrum assignment. The spectrum will be issued by the MCMC upon submission of detailed plans by TT dotCom before 3 September 2006.

The award of 3G spectrum is a significant milestone for the Group, as 3G will be a catalyst to propel the business further, particularly in the broadband service delivery. The broadband market is largely untapped and with the right proposition, TIME will create a niche for itself in the 3G broadband market. The Group hopes to pilot the roll out in the second half of 2006, as soon as the 3G spectrum is granted by MCMC.

On top of this, the Management has outlined three broad strategies aimed at improving performance in 2006:

- Business Optimisation, which focuses on leveraging on TIME's existing infrastructure to optimise existing technology, equipments and other assets. Services will be consolidated or phased out to relieve the company of huge non-performing maintenance costs. Payphone and other wholesale commoditised products are being realigned to ensure their competitiveness and appeal to the market.

- Organisation Change, which will be centred on a customer-focussed and operational excellence strategy.
- New Business Development strategy through repackaging and bundling of existing products that will be strategically positioned to reach a wider market.

Changes to the Board

In 2005, Tan Kim Shah was appointed as a Non-Executive, Non-Independent Director. However due to family commitment, he had to resign from the Board on 24 April 2006.

During the year, Tan See Yin resigned as Managing Director to move on to another position within the UEM Group. Dato' Mohd Salleh Mahmud and his alternate, Azian Mohd Noh also resigned as Non-Executive Directors. However, on 29 March 2006 Azian was reappointed as full director on the Board of TIME dotCom Berhad. On behalf of the Board, I would like to thank Tan See Yin, Dato' Salleh and Tan Kim Shah for their invaluable contribution to the Company.

Dividends

The Board of Directors does not recommend any payment of dividends for the financial year ended 31 December 2005.

Acknowledgement

On behalf of the Board, I would like to take this opportunity to record our gratitude and appreciation to our shareholders, customers, the government and regulatory authorities, bankers, business associates and analysts for their continuing support and cooperation.

My acknowledgement also for the selfless commitment of my fellow directors, the management team and all employees of TIME for their teamwork towards achieving the company's set goals in these very trying times.

Dato' Ir. Wan Muhamad Wan Ibrahim
Chairman

Operations Review

Year 2005 saw TIME dotCom continuing to forge ahead as a recognised player in the communications industry. In the face of intensified challenges, a number of strategic initiatives were undertaken to ensure increased competitiveness of the Group both in technology as well as pricing. Principally these include:

- Repackaging and bundling of existing products to make them more attractive to the market.
- Strengthening internal processes and implementing more cost-effective methods to manage daily operations.
- Exploring new technologies to deliver more innovative services, especially in the area of Broadband.
- Providing supreme customer service and devising loyalty programmes to retain and develop existing customers as well as acquiring new customers.
- Developing an effective workforce both in the technical and management areas.

FIXED LINE, BROADBAND AND INTERNET SERVICES

TIME dotCom's Fixed Line, Broadband and Internet businesses are made up of four major segments:

- Direct Access – deals with products that have to be physically built into a customer's premises
- Indirect Access – covers products that do not require the building in of infrastructure
- Broadband and Internet
- International Wholesale

Direct Access

Direct Access products cover both voice and data services.

In spite of stiff competition, TIME dotCom's voice services – TIME Tone and TIME PABX recorded a slight revenue growth in 2005. TIME ISDN recorded a revenue of RM37.6 million in 2005, a growth of RM5.4 million (17%) over 2004. TIME 1-800 and 1-300 corporate number services recorded another milestone with the inclusion of reputable names such as POS Malaysia, ING, Rapid KL, McDonald's and Michelin.

In the area of data services, TIME dotCom has increased its revenue by riding on the growing demand for high quality leased lines and the introduction of bundled packages for the business market. In 2005, net revenue for Domestic Leased Lines was RM46.5 million over RM33.9 million in 2004, a growth of RM12.6 million. This represents a 37% increase in revenue in 2005. IPLC also recorded a 5% increase in revenue over 2004. Revenue for IPLC in 2005 was RM11.9 million against RM11.3 million in 2004.

Indirect Access

In 2005, more Voice-Over-Internet Protocol (VOIP) operators entered the prepaid and postpaid voice market, offering rock bottom prices on their call charges. In response, mobile operators significantly reduced their mobile IDD rates. The prepaid voice market was most affected as these operators targeted the sizeable immigrant workers population in the hope to capture and maximise their margin from International Direct Dialing (IDD) calls.

This presented a tough environment to TIME dotCom's Indirect Access products (TIME GOLD, TIME Kontakt, TIME World Access and TIME Equal Access). Revenue from IDD and STD destinations was directly affected.

TIME Kontakt Card (TKC) however recorded a sustained revenue despite facing tremendous price wars from other VOIPs and other local operators (OLOs), via regular revised rate promotions. Meanwhile TIME GOLD, a postpaid service for residential customers, remained strong and continued to be the market leader in the non-autodialer postpaid residential segment. This was due to the strategic positioning of the product coupled with attractive, enhanced value added features.

TIME World Access, a postpaid service for business and corporate segment was least affected and continued to grow despite strong competition from VOIPs and OLOs, and its clientele has expanded especially in the financial industry.

Broadband and Internet

In the category of Broadband and Internet, the Group continued to offer a complete range of products including Fixed-line Broadband (HomeNet, BizNet and Netlink), WiFi (Zone), Voice Solutions (Nevo) and Internet Access (TIMENet).

To further promote the Broadband segment especially to businesses, a special team called the Building Centric Marketing (BCM) was established, whose responsibility covers developing revenue-generating programmes and product bundling for the target market amongst the Ready for Service (RFS) buildings.

The TIME Blitz campaign by BCM, which offered solution-based packages and with elaborate value-add elements over a six-month period achieved a revenue of RM6.0 million surpassing its initial target by 12%.

TIMENet has continued to be the only free dial-up Internet access service provider in Malaysia. Its portal, TIMENet Central celebrated its 5th anniversary in 2005, boasting almost 600,000 registered users. With innovative enhancements, online contests and strategic web partnerships, TIMENet Central continued to attract a steady stream of new and loyal users.

International Wholesale

During the year under review, International Wholesale business continued to be a major sales arm for the Group, serving international partners for voice and data services. The business contributed about 43% of the total revenue achieved by the Group in 2005. Amongst its major successes was the penetration of the Thai market that has helped position TIME as a key outbound provider for IDD traffic in that country.

PAYPHONE SERVICES

TIME Reach, the payphone arm of the Group, posted a revenue of RM168.0 million in 2005 as compared to RM218.1 million in 2004. The lower revenue registered was mainly due to aggressive promotions and cheaper packages offered by mobile operators which had drawn away potential or loyal payphone users.

TIME Reach continued to face aggressive competition from other mobile operators and VOIP operators who issued prepaid call cards and operate telephone kiosks (wartels). Vandalism continued to impact TIME Reach particularly in the northern states of Peninsular Malaysia. Concerted efforts have been taken to enhance new security features to the payphone equipments for better protection against vandalism.

Despite the challenges faced in 2005, TIME Reach strived to increase its revenue by improving service levels and deployment of payphones to new high traffic locations.

Operations Review

UNIVERSAL SERVICE PROVISION (USP)

The MCMC-commissioned USP Project that covers the underserved areas within 14 districts in Sabah and one in Sarawak, was well under way during the period under review. Since its commencement in September 2004, a total of 420 payphones and 3,000 Internet Protocol (IP) phones were installed and commissioned for residents of these areas.

NETWORK SERVICES

An integral part of TIME dotCom's business, Network Services continued to undergo performance and security enhancements with the aim of ensuring delivery of high quality services to the customers.

Among the significant network enhancement projects in 2005 were:

- Implementation of Metro Ethernet (Metro-E) network platform to expand broadband services. Metro-E that serves as an alternative high-speed Internet access for broadband customers and enables the provision of Ethernet based solutions was piloted in 5 high-value commercial buildings.
- Addition of 24 new, high revenue-generating RFS buildings that were connected to TIME network.
- A new In-span Point of Interconnect with Telekom Malaysia, Johor Bahru, that will contribute an annual cost saving of RM353,400.
- Expansion of EWSD ISDN switch at Universiti Putra Malaysia (UPM); installation of Next Generation Network (NGN) Soft switches at Petaling Jaya Hub for domestic, international and value added services.
- Implementation of Calling Line Identification Presentation (CLIP) for TIME World Access services.
- Bandwidth upgrading of the National Ring 4 trunk between Klang Valley and Johor Bahru to 10Gbps; commissioning of Metropolitan Area Network (MAN) upgrade for Klang Valley.
- Expansion of MPLS broadband-based network for the implementation of VPLS (Virtual Private LAN Services) services and IP-VPN.

CUSTOMER SERVICE EXCELLENCE

TIME dotCom is a force to reckon with in the area of Customer Service and prides itself for providing supreme customer service. As affirmation to this, TIME won two Gold Awards from the Contact Centre Association of Malaysia (CCAM), which was a striking improvement from just a Silver Award win a year earlier. Later in November, TIME dotCom for the first time received a regional award known as the 'Just Do It' Award from the Contact Centre Association of Singapore (CCAS).

To top it all, all four departments in the Customer Support and Service Division achieved the full certification of ISO 9001:2000. In its continuous effort to provide customer service excellence and to improve customer loyalty, TIME dotCom established the TIME Priority Plus customer club for its top customers.

HARNESSING INTERNAL RESOURCES

In support of TIME dotCom's strategies, the Human Resource and Administration Division implemented various performance-linked initiatives to progress employees' performance and knowledge capital. This also included safety issues of the staff.

One of the programmes was Knowledge in Action, a programme that is aimed at cultivating a culture of continuous learning and improvement through knowledge and information sharing. It covered various areas in operational excellence, including "Get Energised", "Mediation" and "HR Development & Management – Are We Doing It Right?"

The TIME Talent Pool Programme continued with the objective of nurturing internal talents within the organisation. To maintain its target composition of 5% of the total executive employees, an assessment centre was set up to continuously identify and assess those who are eligible for the programme.

To enhance skills and knowledge among employees, a more structured method of assessing competencies was introduced which was implemented by a special task force. Under this exercise, managers were equipped with the necessary tools and skills to assess and develop employees with competencies gap.

An e-Learning programme was piloted for a selected group of learners in 2005 and will continue to be touted as an effective method of delivering basic courses such as Performance Management System and Orientation Programme.

TIME dotCom successfully attained the OHSAS 18001:1999 certification that reflects on the company's commitment in ensuring a safe and healthy working environment for its employees. As part of our safety and health awareness programme, TIME dotCom with the cooperation of the Royal Malaysian Police (PDRM), organised sessions on road safety and sexual crime prevention for its employees, while the 5S programme which promoted a safe and conducive working environment for everyone at TIME dotCom was launched in December.

CORPORATE SOCIAL RESPONSIBILITY

TIME dotCom and its members are a caring lot. Through an internal donation drive jointly organised by the Human Resource and Administration Division and members of TIME dotCom's Surau An-Nur, a total of RM16,000 was raised for Asrama Kasih Sayang Darul Fitrah. Later in the year, in conjunction with Hari Raya Aidilfitri TIME dotCom contributed RM5,000 in cash to Rumah Kebajikan Silaturrahim Nurul Qana'ah.

Meanwhile, through an incentive scheme during its annual Customer Satisfaction Survey, TIME dotCom pledged RM5 for each customer response to the survey. This resulted in a contribution of RM3,500 to HOSPIS Malaysia.

Apart from direct contributions to the society, TIME also helped educate and increase awareness amongst members of the public, especially on the use of the Internet. TIME's lifestyle portal, TIMENet Central launched an online site in an effort to increase awareness amongst TIMENet users on the threats of online pornography and cyber crimes. Called "Safe Internet-ing", the site features information on the abuse and prevention of the Internet misdemeanours such as online pornography, Internet dumping and ID theft. TIME dotCom also conducted training programmes for rural folks as part of the Kedai.kom initiatives by MCMC in Perlis and Kedah.

Corporate Governance Statement

The Board of Directors remains committed in ensuring the highest standards of corporate governance in the Group and strives to continually improve on the Group's governance process and structures as articulated in the Principles and Best Practices promulgated in the Malaysian Code of Corporate Governance (the "Code").

The Board views corporate governance as synonymous with four key concepts; namely transparency, integrity and accountability as well as corporate performance.

The Board is pleased to provide the following statement which outlines the main corporate governance that was in place throughout the financial year.

Corporate Governance Statement

Principles statement

A. Directors

The Board

An effective Board that leads and controls the Group is vital in the stewardship of its direction and operations and ultimately the enhancement of long-term shareholder value. Thus, the Board is responsible for the strategic direction, establishing goals for management and monitoring the achievement of these goals. All Directors are from diverse professional backgrounds with a wide range of business and financial experience. The profile of each Director is presented from pages 5 to 7.

The Board has a formal schedule of matters reserved to itself for decision, which includes the overall Group strategy and direction, acquisition and divestment policy, approval of major capital expenditure projects and significant financial matters. The schedule ensures that the Governance of the Group is in its hands.

Meetings

During the financial year, the Board met fourteen (14) times. This included special meetings which were held when urgent and important decisions need to be taken between scheduled meetings.

For all the meetings, due notice were given and the Board receives documents on matters requiring its consideration prior to and in advance of each meeting. All proceedings of the meetings were properly minuted and filed.

The Board deliberated upon and considered a variety of matters including the Group's financial results, major investments and strategic decisions, the business directions of the Group and Corporate Governance matters during the financial year.

The Board of Directors delegates certain responsibilities to the Board Committees. All Committees have written terms of reference and operating procedures to ensure a clear division of duties between the full Board and Board Committees. The Board is kept informed of all proceedings and deliberations of its Board Committees through minutes of Board Committees' meetings which are tabled at the Board meetings for notation.

The details of meetings and activities of these Committees are discussed in the following paragraphs.

Board Balance

The Board currently consists of eight (8) members; comprising one (1) Non-Independent Non-Executive Chairman, three (3) Independent Non-Executive Directors and four (4) Non-Independent Non-Executive Directors.

This complies with paragraph 15.02 of the Listing Requirements which requires that at least two (2) Directors or one third of the Board of the Company, whichever is higher, are independent Directors. The Independent Non-Executive Directors fulfill an independent, pivotal role in corporate accountability, hence their membership within the Audit, Remuneration and Nomination Committees.

The composition of the Board reflects a balance of Executive and Non-Executive Directors with a mix of legal, financial, technical and business experience that is relevant and vital to the direction of the Group. The Non-Executive Directors contribute significantly in areas such as policy and strategy, performance monitoring, allocation of resources as well as improving governance and controls.

Supply of information

The Board has unrestricted access to information required so as to enable it to discharge its duties, as the decision making process is highly contingent on the strength of information furnished. The Board receives regular information and briefings on the performance of the Company to make informed decisions. The Board papers includes, amongst others, the following details:

- Annual business plan;
- Quarterly performance reports of the Group;
- Management monthly reports;
- Major operational and financial issues;
- Market share and market responses to the Group's strategies;
- Major investments, acquisitions and disposals of assets;
- Manpower and human resource issues; and
- Minutes of meetings of all the Committees of the Board.

Senior management and key operational managers are informed of the quality required by the Board with respect to the contents, presentation and delivery of Board papers for each Board meeting.

Key matters such as approval of annual and interim results, annual business plans and budget, major investment, financial decisions, key policies, major proposals and announcements are reserved for the Board. These reserved matters are set out in the Group's Discretionary Authority Limits ("DAL"). The DAL also specifies the levels of authority delegated to the Management by the Board.

The Board, whether as a full Board or its members in their individual capacity, has access to independent professional advice at the Company's expense. Every Director also has unhindered access to the advice and services of the Company Secretary. The Company Secretary can only be removed and appointed by the Board as a whole.

Appointments to the Board

Nomination Committee

The Nomination Committee comprises three (3) Non-Executive Directors and a total of three (3) meetings were held during the year. The details are as follows:

		No. of meetings attended
Abdul Kadir Md Kassim (Chairman)	Non-Independent, Non-Executive Director	3/3
Kamaludin Abdul Kadir	Independent, Non-Executive Director	3/3
Dato' Shaik Daud Md Ismail	Independent, Non-Executive Director	3/3

Corporate Governance Statement

Appointment process

The Nomination Committee recommends to the Board suitable candidates for appointment as Directors and to fill vacant seats on Committees of the Board after which the Company Secretary ensures that all appointments are properly made and all legal and regulatory compliance are met. The Nomination Committee also assesses the effectiveness of the Board and Committees of the Board including the required mix of skills, expertise, attributes and core competencies of its Directors and keeps under review the Board structure, size and composition.

Directors training

In the process of appointing new Directors, the Nomination Committee will ensure that there is an orientation programme for new Directors with respect to the business and management of the Group, including site visits to the business offices to facilitate their understanding of the Company.

All Directors have attended the Mandatory Accreditation Programme prescribed by Bursa Malaysia Securities Berhad. During the year, the Directors also attended Continuous Education Programme and various other seminars to keep abreast with relevant changes in laws and regulations, and the business environment. Some of the seminars attended by the Directors during the financial year were as follows:

- A Board-Management Partnership Value Creation
- Preparing for the Challenge Ahead: The Role of Nomination and Compensation Committee
- Directors' Briefing on Financial Reporting Standards ("FRS") Changes
- Half-Day Seminar on Listed Issuers - How to Avoid Poorly Prepared Circulars
- Update on Latest Financial Instruments, Investment Strategies and International Financial Scandals

Directors' re-election

In accordance with the Company's Articles of Association, all Directors who are appointed by the Board are subject to re-election by shareholders at the first Annual General Meeting after their appointment. The Articles also provide that one-third of the Directors shall retire by rotation at every Annual General Meeting and all directors are subject to retirement at an interval of at least once every three (3) years. The Nomination Committee recommends to the Board, Directors who are due for retirement at each Annual General Meeting.

B. Directors' Remuneration

Remuneration Committee

The remuneration framework for Non-Executive Directors was recommended by the Remuneration Committee and approved by the Board. The remuneration is structured so as to ensure that the Group attracts and retains Directors of calibre, skills and experience needed to lead and control the Group effectively.

The Remuneration Committee comprises of three (3) Non-Executive Directors and a total of seven (7) meetings were held during the year. The details are as follows:

		No. of meetings attended
Dato' Ir. Abdul Rahim Abu Bakar (Chairman)	Independent, Non-Executive Director	7/7
Abdul Kadir bin Md Kassim	Non-Independent, Non-Executive Director	7/7
Kamaludin Abdul Kadir	Independent, Non-Executive Director	7/7

The Committee is responsible for recommending to the Board the policy framework on terms of employment and all elements of the remuneration of members of the senior management of the Company. The Remuneration Committee is also charged with the responsibility to recommend the annual bonus and salary increment of the members of the senior management of the Company and to review and recommend the remuneration of the Non-Executive Directors to the Board.

Directors' remuneration is a matter to be decided by the Board as a whole, save for Directors' fees, with the Directors concerned abstaining from deliberations and voting on decisions in respect of their remuneration.

The Remuneration Committee has carried out its functions as set out in the Terms of Reference which amongst others, reviewed the performance of the Managing Director, his bonus entitlement and salary adjustments for the year, remuneration package of a newly appointed Non-Executive Director, and annual bonus and salary increment for senior management in the Group.

Corporate Governance Statement

Other Board Committees

Executive Committee

The Executive Committee which comprises Dato' Ir. Abdul Rahim Abu Bakar, Abdul Kadir Md Kassim, Eric Cheng Dek and Mek Yam Jusoh was formed in November 2005 to oversee the daily business operations of the Group following the resignation of Tan See Yin on 30 November 2005. The Executive Committee reports directly to the Board and exercises the power and authority of the Managing Director in accordance with the Terms of Reference approved by the Board.

Tender Board Committee

The Tender Board Committee which comprises Dato' Ir. Wan Muhamad Wan Ibrahim (Chairman), Elakumari Kantilal and Dato' Ir. Abdul Rahim Abu Bakar ensures that the procurement process complies with relevant policies and requirements. The principle functions and responsibilities of the Tender Board are to consider, evaluate, approve or recommend to the Board, transactions involving acquisition/disposal of fixed assets, trade or stock purchases and the award of contracts after taking into consideration various factors such as the list of tenders received, nature of procurement and the technical and commercial evaluation. The Committee met twice during the year.

Technical Committee

The Technical Committee which comprises Kamaludin Abdul Kadir (Chairman), Dato' Ir. Wan Muhamad Wan Ibrahim and other senior Management evaluates and reviews operational or technology proposals in support of the Company's business plan and policy. The Committee reviews the technology roadmap and strategy of the Company and facilitate recommendation to be put forward to the Tender Board Committee or Board of Directors on matters relating to technology policies, technical implementation and other operational matters. The Committee met five (5) times during the year.

C. Shareholders

Dialogue between the Group and Investors

The Group recognises the importance of being accountable to its investors as well as the need for transparent and effective communications. Information of the Group's business activities and financial performance is disseminated through press releases, quarterly reports, annual report and the Annual General Meeting. In addition, the Company's website at <http://www.time.com.my> provides broad range of information to stakeholders.

The Company also has and holds dialogues with investment analysts with the intention of giving investors a clear and complete picture of the Company's performance and position.

The Board has identified Dato' Ir. Abdul Rahim Abu Bakar, as the Senior Independent Non-Executive Director, to whom minority shareholders' concerns may be conveyed.

The Annual General Meeting

The Annual General Meeting is the principal forum for dialogue with all shareholders who are given sufficient opportunity to enquire about the Group's activities and prospects as well as communicate their expectations and concerns. Adequate time is allocated for the question and answer sessions between Directors and the Group's external auditors with the shareholders at Annual General Meeting held by the Company.

Each item of special business included in the Notice of Annual General Meetings is accompanied by a full explanation of the effects of the proposed resolution. Special resolutions are proposed for different transactions and the Chairman declares the outcome of the votes cast for and against each resolution.

Corporate Governance Statement

D. Accountability and Audit

Financial reporting

In presenting the annual financial statements and quarterly announcements to shareholders, the Board aims to present a clear and balanced assessment of the Group's position and prospects. The Statement by Directors pursuant to Section 169 of the Companies Act, 1965 is set out on page 39 of the Financial Statements section of the annual report.

Directors' responsibility statement in respect of the preparation of the audited financial statements

The Board of Directors is responsible for ensuring that the financial statements give a true and fair view of the state of affairs of the Company and the Group as at the end of the financial year and of their results and cash flows for the period then ended.

In preparing the financial statements, the Directors have considered and ensured that:

- applicable approved accounting standards in Malaysia and the provisions of the Companies Act, 1965 have been applied;
- suitable and appropriate accounting policies have been adopted and applied consistently; and
- reasonable and prudent judgments and estimates were made.

The Directors also have a general responsibility for taking such steps as are reasonably available to them to safeguard the assets of the Group and to prevent and detect fraud and other irregularities.

Internal Control

The Board and Audit Committee are provided with sufficient information as to the Group's risk profile and Risk Management procedures and Management Information Systems to ensure that the Group's internal controls and systems are effective.

The Statement on Internal Control furnished on pages 31 to 33 of the annual report provides an overview on the state of internal controls within the Group.

Relationship with the Auditors

Key features underlying the relationship of the Audit Committee with the external auditors are included in the Audit Committee's terms of reference as detailed on pages 26 to 30 of the annual report.

A summary of the activities of the Audit Committee during the year, including the evaluation of the independent audit process, are set out in the Audit Committee Report on pages 26 to 30 of the annual report.

Internal Audit function

The internal audit function is guided by its Audit Charter and reports to the Audit Committee. Its primary role is to assist the Audit Committee to discharge its duties and responsibilities by independently reviewing and reporting on the adequacy and integrity of the Group's system of internal controls.

Findings and recommendations for improvements are communicated to senior management and the Audit Committee with regular follow up on the implementation status of action plans. The Internal Audit function adopts a risk-based approach in the review of internal controls based on an annual audit plan approved by the Audit Committee.

Audit Committee Report

Terms of reference of the Audit Committee

Objectives

The primary objective of the Audit Committee is to assist the Board of Directors in fulfilling its responsibilities relating to accounting and reporting practices of the Company and its subsidiary companies.

Composition

The Audit Committee shall be appointed by the Board from amongst the Directors and shall consist of not less than three (3) members, a majority of whom shall be Independent Non-Executive Directors and at least one member of the Committee must be a member of the Malaysian Institute of Accountants or should have 3 years working experience and passed the examinations specified in Part I of the 1st Schedule of the Accountants Act, 1967, or is a member of one of the Associations of Accountants specified in Part II of the 1st Schedule of the Act.

The members of the Audit Committee shall elect a Chairman from amongst their number who shall be an Independent Non-Executive Director.

In the event of any vacancy in the Audit Committee, the Board shall within three (3) months of that event, appoint such number of new members as may be required to fill the position. The Nomination Committee will review and recommend, to the Board for approval, another director to fill up such vacancies.

No alternate Director is appointed as a member of the Audit Committee. The terms of office and performance of the Audit Committee must be reviewed by the Board once every 3 (three) years. All members of the Audit Committee, including the Chairman, will hold office only so long as they serve as Directors of the Company.

Members of the Audit Committee may relinquish their membership in the Committee with prior written notice to the Company Secretary and may continue to serve as Director of the Company. All Committee members including the Chairman should be persons of good social standing and possess relevant skills and a good track record in the corporate or business field.

Meetings

Meetings shall be conducted at least four (4) times annually, or more frequently as circumstances dictate. In order to form a quorum in respect of a meeting of an Audit Committee, the majority of members present must be Independent Non-Executive Directors.

The Audit Committee shall aim to reach a consensus on issues discussed, failing which a poll shall be taken through a show of hands. The Chairman of the Committee should report on each meeting to the Board. Minutes of each meeting should be kept and distributed to each member of the Committee and of the Board. The Company Secretary shall be appointed Secretary of the Committee.

The Managing Director, Chief Financial Officer, Head of Internal Audit and a representative of the external auditors shall normally be entitled to attend the meetings of the Committee and to make known their views on any matter under consideration by the Committee, or which in their opinion, should be brought to the Committee's attention.

The Audit Committee must ensure that other Directors and employees attend meetings only at the Audit Committee's invitation, specific to the relevant meeting.

Authority

The Committee is authorised by the Board to investigate any activity within its Terms of Reference. It shall have:

- the authority to investigate any matter within its terms of reference;
- the resources which are required to perform its duties;
- full and unrestricted access to information;
- direct communication with the external auditor and Head of Internal Audit Department/function;
- the right to obtain external professional advice and secure the attendance of outsiders with relevant experience and expertise if it considers this necessary; and
- the right to convene meetings with the external auditors together with non-executive Committee members whenever deemed necessary.

Functions and duties

In fulfilling its primary objectives, the Audit Committee will need to undertake the following functions:

- i) To determine that established policies, procedures and guidelines, operating and internal accounting controls are adequate, functioning, effective, and are complied with in promoting efficiency and proper conduct of the Company's business.
- ii) To act as an independent and objective party in reviewing the financial information of the Company presented by Management.
- iii) To review the quarterly and year-end financial statements of the Company for recommendation to the Board for approval, focusing particularly on:
 - Any changes in accounting policies and practices
 - Significant adjustments arising from the audit
 - The going concern assumption
 - Compliance with accounting standards and legal requirements
- iv) To consider the appointment of the external auditor, the audit fee and any questions of resignation or dismissal.
- v) To discuss with the external auditors before the audit commences, the nature and scope of the audit, and ensure coordination where more than one audit firm is involved.
- vi) To discuss problems and reservations arising from the interim and final audits, and any other matter the auditor may wish to discuss (in the absence of Management where necessary).

Audit Committee Report

- vii) To review the external auditor's management letter, their evaluation of the systems of internal control and management's responses thereof.
- viii) To ensure that assistance is given by the employees of the company in following the best practices in providing full and faithful disclosure of any material information, to the external auditor.
- ix) To do the following where an internal audit function exists:
 - Review the adequacy of the scope, functions and resources of the internal audit function, and that it has the necessary authority to carry out its work
 - Review the internal audit plan and results of the internal audit process and ensure that appropriate action is taken on the recommendations of the internal audit function
 - Review any appraisal or assessment of the performance of members of the internal audit function
 - Approve any appointment or termination of senior staff members of the internal audit function
 - Inform itself of resignations of internal audit staff members and provide the resigning staff to submit his/her reasons for resigning
- x) To consider any related party transactions that may arise within the Company or Group.
- xi) To consider the major findings of internal investigations and Management's response.
- xii) To review pertinent operational matters in relation to the Group's quarterly financial performance and quarterly announcement to Bursa Malaysia.
- xiii) To monitor operational performance against targets set in the Business Plan and Executive Dashboard in relation to the Group's quarterly financial performance and quarterly announcement to Bursa Malaysia.
- xiv) To consider other topics as defined by the Board.

Statement On Internal Control

The Board of Directors is committed to maintaining a sound system of internal control in the Group and is pleased to provide the following statement on internal control that outlines the nature and scope of internal control of the Group during the year pursuant to paragraph 15.27 (b) of Bursa Malaysia's Listing Requirements.

Board responsibility

The Board acknowledges its responsibility in maintaining a sound system of internal control to safeguard shareholders' investments and for reviewing the effectiveness, adequacy and integrity of those systems. The system of internal control addresses the corporate objectives on the need for effective and efficient business operations, sound financial reporting and internal controls and compliance with relevant laws and regulations. Because of the limitations that are inherent in any system of internal control, this system is designed to manage, rather than eliminate the risk of non-achievement of the Group's objectives. Therefore, the internal control system can only provide reasonable but not absolute assurance against the occurrence of any material misstatement or loss.

The Group has in place an on-going process for identifying, evaluating, monitoring and managing the significant risks that may materially affect the achievement of its corporate objectives. This process has been in place throughout the year under review up to the date of this report.

On-going reviews are carried out to ensure the effectiveness, adequacy and integrity of the system of internal controls in safeguarding the Group's assets and shareholders' interests in the Group.

Risk management framework

The risk management framework has been adopted and this includes the establishment of the Risk Management Steering Committee ("RMSC") in 2002. The Managing Director is tasked to head the RMSC, which currently comprises the Chief Financial Officer, Chief Technology Officer and Chief Operating Officer of Payphone Operations. The office of the Chief Financial Officer, as Risk Management Coordinator, acts as the secretariat to the RMSC to assist it in the undertaking of its functions. As an interim measure pending the appointment of a new Managing Director, the Board of Directors of TIME dotCom Berhad has formed a four (4) – member Executive Committee comprising two (2) representatives each from members of the Board and two (2) representatives from senior management to oversee the day to day business operations of the Group.

The RMSC is tasked with developing and maintaining an effective risk management system within the Group. Under the existing risk management framework, risks are managed on a day to day basis by the operating units, divisions and departments with oversight function provided by the Managing Director and the RMSC. The internal audit function and the Audit Committee provide further independent assurance.

Following the enterprise risk management exercise, risk registers were established for the Group and key risks were identified. During the financial year, the RMSC reviewed the enterprise risk profile and management's action plan on significant risks which were presented and approved by the Board. The Board was further updated on the status of the management action plan in mitigating these risk factors on a regular basis.

Statement On Internal Control

Designated risk coordinators were tasked with maintaining the risk registers for their operating units and following up on action plans to manage and mitigate the risk factors. The risk coordinators meet on a quarterly basis to discuss developments pertaining to the enterprise risk and update the registers accordingly.

Control environment and structure

The Board recognizes that in order to achieve a sound system of internal control, a conducive control environment and framework must be established. The Board is fully committed to the maintenance of such control environment within the Group and, in discharging their responsibilities, adopted the following key system of internal control within the Group to govern the manner in which the Group and its employees conduct themselves. The key elements of internal control comprise the following:

- Board Committees were set up by the Group to promote corporate governance and transparency with specific terms of reference and authority. The Board Committees formed by the Group are the Audit Committee, Nomination Committee, Remuneration Committee, Tender Board Committee and Technical Committee. These Committees report to the Board and make recommendations for the Board's decision.
- Board meetings are scheduled regularly. Board papers are distributed to the members ahead of the meetings and Board members have access to all relevant information. Decisions are made by the Board only after the required information is presented and deliberated. This ensures that the Board maintains full and effective control on the direction of the Group.
- Audit Committee composition, comprising a majority of Independent Non-Executive Directors, was maintained throughout the financial year. The members of the Committee bring with them a wide variety of experience from different industries and background. They met and had full access to both the internal as well as external auditors during the financial year. They also met with the external auditors without any management presence.
- The Discretionary Authority Limits Table delineates authority limits to ensure accountability and segregation of duties. The Discretionary Authority Limits Table is reviewed on a regular basis at various levels for it to be more effective and efficient in supporting the business operations.
- Internal Audit function reports to the Audit Committee and is guided by the Audit Charter. Findings and recommendations for improvements are communicated to senior management and the Audit Committee with regular follow up on the implementation status of action plans. The Internal Audit function adopts a risk-based approach in the review of internal controls based on an annual audit plan approved by the Audit Committee.
- Revenue Assurance function's key objectives are to ensure that the system of internal control is strengthened from end to end to prevent revenue leakage, ensure product profitability by monitoring product performance and strengthen collection procedures and credit policies.
- Anti-fraud and credit management functions are in place to ensure that subscriber usage patterns are continuously monitored and customer acceptance and credit management procedures are adhered to.

- Financial and operational information is prepared and presented to the Board. Annual budgets and business plans are prepared by all business units and consolidated at Group level for the Board's approval. Operating results are monitored by senior management against budgets on a monthly basis. The Audit Committee and Board review the results on a quarterly basis to enable it to track the Group's achievement against its annual targets.
- Operational and accounting manuals are in place to guide key business processes and regularly updated for application across the Group. In addition, ISO 9001:2000 procedures for billing, activation, collections and customer service assurance are regularly monitored to ensure compliance.
- Procedures for hiring, termination, appraisal and training of employees are in place to ensure that the Group's human resource requirements are met in achieving its business objectives.
- Human resource policies and code of conduct are available to all employees via the intranet. All employees are required to renew their declaration of non-conflict of interest every year.
- Policies and procedures are continuously updated during the financial year and deposited in a central repository to enable all employees to gain easy access for their reference.
- Quality of Service ("QoS") processes are in place to ensure compliance with Mandatory Standards for QoS issued by the regulator.
- Management meetings are held regularly to discuss strategic and operational issues to ensure that targets and objectives are met.

The external auditors have reviewed this Statement on Internal Control for inclusion in the annual report of the Group for the year ended 31 December 2005 and reported to the Board that nothing has come to their attention that causes them to believe that the statement is inconsistent with their understanding of the process adopted by the Board in reviewing the adequacy and integrity of the system of internal controls.

No dividend was paid during the financial year and the Directors do not recommend any dividend to be paid for the year under review.

Directors of the Company

Directors who served since the date of the last report are:

Dato' Ir. Wan Muhamad Wan Ibrahim

Elakumari Kantilal

Abdul Kadir Md. Kassim

Kamaludin Abdul Kadir

Dato' Abdul Rahim Abu Bakar

Dato' Shaik Daud Md. Ismail

Amiruddin Abdul Aziz

Tan Kim Shah (appointed on 24.10.2005)

Dato' Mohd Salleh Mahmud (appointed on 20.04.2005 and resigned on 30.12.2005)

Azian Mohd Noh (appointed as alternate Director to Dato' Mohd Salleh on 20.04.2005 and resigned on 30.12.2005)

Dato' Othman Abdullah (resigned on 21.03.2005)

Tan See Yin (resigned on 30.11.2005)

None of the Directors holding office as at 31 December 2005 had any interest in the ordinary shares of the Company and of its related corporations during the financial year.

Directors' benefits

Since the end of the previous financial year, no Director of the Company has received or become entitled to receive any benefit (other than a benefit included in the aggregate amount of emoluments received or due and receivable by Directors as shown in the financial statements or the fixed salary of a full time employee of the Company or corporate shareholder) by reason of a contract made by the Company or a related corporation with the Director or with a firm of which the Director is a member, or with a company in which the Director has a substantial financial interest except as disclosed in note 24.

There were no arrangements during and at the end of the financial year, which had the object of enabling Directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of the Company or any other body corporate.

Issue of shares and debentures

There were no changes in the issued and paid-up capital of the Company during the financial year.

Options granted over unissued shares

No options were granted to any person to take up unissued shares of the Company during the financial year.

Other statutory information

Before the financial statements of the Group and of the Company were made out, the Directors took reasonable steps to ascertain that:

- i) all known bad debts have been written off and adequate provision made for doubtful debts, and
- ii) all current assets have been stated at the lower of cost and net realisable value.

At the date of this report, the Directors are not aware of any circumstances:

- i) that would render the amount written off for bad debts, or the amount of the provision for doubtful debts, in the Group and in the Company inadequate to any substantial extent, or
- ii) that would render the value attributed to the current assets in the Group and in the Company financial statements misleading, or
- iii) which have arisen which render adherence to the existing method of valuation of assets or liabilities of the Group and of the Company misleading or inappropriate, or
- iv) not otherwise dealt with in this report or the financial statements, that would render any amount stated in the financial statements of the Group and of the Company misleading.

At the date of this report, there does not exist:

- i) any charge on the assets of the Group or of the Company that has arisen since the end of the financial year and which secures the liabilities of any other person, or
- ii) any contingent liability in respect of the Group or of the Company that has arisen since the end of the financial year.

No contingent liability or other liability of any company in the Group has become enforceable, or is likely to become enforceable within the period of twelve months after the end of the financial year which, in the opinion of the Directors, will or may substantially affect the ability of the Group and of the Company to meet their obligations as and when they fall due.

Directors' Report

For the year ended 31 December 2005

In the opinion of the Directors, except for the impairment loss on investment in a subsidiary and impairment loss on goodwill as disclosed in the financial statements of the Company and the Group respectively, the results of the operations of the Group and of the Company for the financial year ended 31 December 2005 have not been substantially affected by any item, transaction or event of a material and unusual nature nor has any such item, transaction or event occurred in the interval between the end of that financial year and the date of this report.

Before me:

Report Of The Auditors

To the members of TIME dotCom Berhad

We have audited the financial statements set out on pages 42 to 67. The preparation of the financial statements is the responsibility of the Company's Directors.

It is our responsibility to form an independent opinion, based on our audit, on the financial statements and to report our opinion to you, as a body, in accordance with Section 174 of the Companies Act, 1965 and for no other purpose. We do not assume responsibility to any other person for the content of this report.

We conducted our audit in accordance with approved Standards on Auditing in Malaysia. These standards require that we plan and perform the audit to obtain all the information and explanations which we consider necessary to provide us with evidence to give reasonable assurance that the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence relevant to the amounts and disclosures in the financial statements. An audit also includes an assessment of the accounting principles used and significant estimates made by the Directors as well as evaluating the overall adequacy of the presentation of information in the financial statements. We believe our audit provides a reasonable basis for our opinion.

In our opinion:

- (a) the financial statements are properly drawn up in accordance with the provisions of the Companies Act, 1965 and applicable approved accounting standards in Malaysia so as to give a true and fair view of:
 - i) the state of affairs of the Group and of the Company at 31 December 2005 and the results of their operations and cash flows for the year ended on that date; and
 - ii) the matters required by Section 169 of the Companies Act, 1965 to be dealt with in the financial statements of the Group and of the Company; and
- (b) the accounting and other records and the registers required by the Companies Act, 1965 to be kept by the Company and the subsidiaries have been properly kept in accordance with the provisions of the said Act.

We are satisfied that the financial statements of the subsidiaries that have been consolidated with the Company's financial statements are in form and content appropriate and proper for the purposes of the preparation of the consolidated financial statements and we have received satisfactory information and explanations required by us for those purposes.

The audit reports on the financial statements of the subsidiaries were not subject to any qualification and did not include any comment made under subsection (3) of Section 174 of the Act.

- (i) During the financial year, the Group acquired property, plant and equipment and telecommunications network with an aggregate cost of RM69,986,000 (2004 - RM80,917,000). During the financial year, the Group paid RM68,983,000 (2004 - RM105,790,000) to suppliers of which for acquisition in 2005, RM1,003,000 will be paid after 2005. For the year 2004, RM24,873,000 is in respect of payments made to suppliers for property, plant and equipment and telecommunications network acquired in the prior financial years.

Notes To The Financial Statements

1. Summary of significant accounting policies

The following accounting policies are adopted by the Group and by the Company and are consistent with those adopted in previous years, except for the adoption of the FRS 120²⁰⁰⁴ Accounting for Government Grants and Disclosure of Government Assistance.

Apart from the new policy and extended disclosure where required by this new standard, there is no effect on these financial statements.

(a) Basis of accounting

The financial statements of the Group and of the Company are prepared on the historical cost basis except as disclosed in the notes to the financial statements and in compliance with the provisions of the Companies Act, 1965 and applicable approved accounting standards in Malaysia.

(b) Basis of consolidation

Subsidiaries are those enterprises controlled by the Company. Control exists when the Company has the power, directly or indirectly to govern the financial and operating policies of an enterprise so as to obtain benefits from its activities.

The financial statements of subsidiaries are included in the consolidated financial statements from the date that control effectively commences until the date that control effectively ceases. Subsidiaries are consolidated using the acquisition method of accounting.

A subsidiary is excluded from consolidation when either control is intended to be temporary if the subsidiary is acquired and held exclusively with a view of its subsequent disposal in the near future and it has not previously been consolidated or it operates under severe long-term restrictions which significantly impair its ability to transfer funds to the Company. Subsidiaries excluded on these grounds are accounted for as investments.

Under the acquisition method of accounting, the results of subsidiaries acquired or disposed of during the year are included from the date of acquisition or up to the date of disposal. At the date of acquisition, the fair values of the subsidiaries' net assets are determined and these values are reflected in the Group financial statements. The difference between the acquisition cost and the fair values of the subsidiaries' net assets is reflected as goodwill or negative goodwill as appropriate.

Intra group transactions and balances are eliminated on consolidation. Unrealised profit and losses resulting from intragroup transactions are also eliminated except for unrealised losses which cannot be recovered.

(c) Property, plant and equipment

Freehold land is stated at cost. All other property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses.

Property, plant and equipment retired from active use and held for disposal are stated at the carrying amount at the date when the asset is retired from active use, less impairment losses, if any.

Notes To The Financial Statements

Continued

(c) Property, plant and equipment (continued)

Depreciation

Freehold land is not amortised. Leasehold land and buildings are amortised over the unexpired lives of the leases. The straight line method is used to write off the cost of the other assets over the term of their estimated useful lives at the following principal annual rates:

Buildings	2%
Improvements	20%
Office equipment, furniture and fittings	5% - 50%
Loose tools	10% - 50%
Computer systems	10% - 33 1/3%
Motor vehicles	20%

(d) Telecommunications network

Network cost

This comprises construction costs, materials, consultancy, borrowing and other related costs incurred in connection with the construction of the telecommunications network.

The telecommunications network is constructed under the telecommunications licensed granted by the Ministry of Energy, Communications and Multimedia ("the Ministry").

In 1998, the Communications and Multimedia Act, 1998 (which repealed the Telecommunications Act, 1950) introduced a new licensing regime for the telecommunications and broadcasting industries. The following new licences were granted by the Ministry to the Group in August 2001. These new licences are not technology specific but based on activity:

Network facilities	Effective date
TT dotCom Sdn. Bhd.	25 July 2001 to 30 November 2014
TIME Reach Sdn. Bhd.	25 July 2001 to 24 July 2011
TIMESat Sdn. Bhd.	25 July 2001 to 24 July 2011

Network services

TT dotCom Sdn. Bhd.	25 July 2001 to 30 November 2014
TIMESat Sdn. Bhd.	25 July 2001 to 24 July 2011

Effective 1 April 2005, all Application Service Provider Individual License categories are regulated under Applications Service Provider class licensing. As such licenses are renewable annually.

On 11 August 2000, TIME dotNet Berhad was granted an Internet Application Service Provider Licence (class licence) for a tenure of one (1) year from 4 August 2000, which is renewable annually.

The construction of the telecommunications network is carried out in phases based generally on geographical areas as determined by the Group. The commissioning of the network is accordingly carried out at the completion of each phase of construction. Pre-commissioning network cost is not amortised.

The Group depreciates its network cost/ISP infrastructure cost over the term of their estimated useful lives at the following principal annual rates:

Telecommunication assets	Useful lives	Annual depreciation rate
Distribution systems	10 to 25 years	4% to 10%
Communication systems	5 to 15 years	6.7% to 20%
Support System	3 to 15 years	6.7% to 33.3%

(e) Intangible asset

Goodwill on consolidation

Goodwill on consolidation represents the excess of the purchase price over the fair value of the net tangible assets of subsidiary companies. Goodwill is stated at cost less accumulated impairment losses (refer Note 1(l)).

(f) Investments

Investment in subsidiary companies

Investment in subsidiary companies is stated in the Company's financial statements at cost less accumulated impairment losses (refer to Note 1(l)).

(g) Trade and other receivables

Trade and other receivables are stated at cost and reduced by the appropriate allowances for estimates of possible losses which may arise from non-collection of certain receivable accounts.

(h) Employee benefits

(i) Short term employee benefits

Wages, salaries and bonuses are recognised as expenses in the year in which the associated services are rendered by employees of the Group and the Company. Short term accumulating compensated absences such as paid annual leave are recognised when services are rendered by employees that increase their entitlement to future compensated absences, and short term non-accumulating compensated absences such as sick leave are recognised when absences occur.

(ii) Defined contribution plans

Obligations for contributions to defined contribution plans are recognised as an expense in the income statement as incurred.

(i) Liabilities

Trade and other payables are stated at cost.

(j) Inventories

Inventories are valued at the lower of cost (determined on the moving-average method) and net realisable value. The costs of spares, phone cards and trading merchandise comprise the original purchase price plus costs of bringing these stocks to location. Net realisable value represents the estimated selling price in the ordinary course of business less selling and distributions costs and all other estimated costs to completion.

(k) Cash and cash equivalents

Cash and cash equivalents consist of cash on hand, balances and deposits with banks and highly liquid investments which have an insignificant risk of changes in value.

(l) Impairment

The carrying amount of assets, other than inventories, deferred tax assets and financial assets (other than investments in subsidiaries), are reviewed at each balance sheet date to determine whether there is any indication of impairment. If any such indication exists, the asset's recoverable amount is estimated. An impairment loss is recognised whenever the carrying amount of an asset or the cash-generating unit to which it belongs exceeds its recoverable amount. Impairment losses are recognised in the income statement.

The recoverable amount is the greater of the asset's net selling price and its value in use. In assessing value in use, estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. For an asset that does not generate largely independent cash inflows, the recoverable amount is determined for the cash-generating unit to which the asset belongs.

An impairment loss in respect of goodwill is not reversed unless the loss was caused by a specific external event of an exceptional nature that is not expected to recur and subsequent external events have occurred that reverse the effect of that event.

In respect of other assets, an impairment loss is reversed if there has been a change in the estimates used to determine the recoverable amount.

An impairment loss is reversed only to the extent that the asset's carrying amount does not exceed the carrying amount that would have been determined, net of depreciation or amortisation, if no impairment loss had been recognised. The reversal is recognised in the income statement.

(m) Income tax

Tax on the profit or loss for the year comprises current and deferred tax. Income tax is recognised in the income statement except to the extent that it relates to items recognised directly in equity, in which case it is recognised in equity.

Current tax expense is the expected tax payable on the taxable income for the year, using tax rates enacted or substantially enacted at the balance sheet date, and any adjustment to tax payable in respect of previous years.

Deferred tax is provided, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements. Temporary differences are not recognised for goodwill not deductible for tax purposes and the initial recognition of assets or liabilities that at the time of the transaction affects neither accounting nor taxable profit. The amount of deferred tax provided is based on the expected manner of realisation or settlement of the carrying amount of assets and liabilities, using tax rates enacted or substantially enacted at the balance sheet date.

A deferred tax asset is recognised only to the extent that it is probable that future taxable profits will be available against which the asset can be utilised.

(n) Foreign currency

Foreign currency transactions

Transactions in foreign currencies are translated to Ringgit Malaysia at rates of exchange ruling at the date of the transactions. Monetary assets and liabilities denominated in foreign currencies at the balance sheet date are translated to Ringgit Malaysia at the foreign exchange rates ruling at that date. Foreign exchange differences arising on translation are recognised in the income statement.

The closing rates used in the translation of foreign currency monetary assets and liabilities are as follows:

	2005	2004
	RM	RM
1 USD	3.78	3.80
1 AUD	2.77	2.96

(o) Revenue

Revenue of the Company consists of management fee and gross invoiced value of telecommunications products sold net of discounts and returns. Fees are recognised when services are rendered while sales of products are recognised upon delivery of products and when the risks and rewards of ownership have passed.

Revenue of the Group consists of gross billings of a wide range of telecommunications and internet services provided net of discounts, income from payphone operations and gross invoiced value of goods sold net of discounts and returns. Revenue for billings is recognised when services are rendered while revenue for payphone operations is recognised on receipt basis.

(p) Government grants

As a Universal Service Provider (USP), the Group is entitled to claim certain qualified expenses from the relevant authorities in relation to USP projects. The claim qualifies as a Government grant and is recognised at fair value where there is a reasonable assurance that the grant will be received and the Company will comply with all attached conditions.

Government grants are recognised as income over the periods necessary to match them with the related costs, which they are intended to compensate.

Government grants relating to the purchase of assets are included in current liabilities as deferred income and are credited to the Income Statement on the straight line basis to match the income with the estimated useful lives of the related assets.

25. Financial instruments

Financial risk management objectives and policies

Exposure to credit, liquidity, interest rate and currency risk arises in the normal course of the Group and the Company's business. The overall risk management programme of the Group and the Company seeks to minimise potential adverse effects of these risks on the financial performance of the Group and the Company. There was no trading in financial instruments during the year under review.

Credit risk

Management has a credit policy in place and the exposure to credit risk is monitored on an ongoing basis. Credit evaluations are performed on all new customers. In respect of its trade customers, the Group and the Company require deposits as collateral. For other financial assets, the Group and the Company does not require collateral.

At balance sheet date, there were no significant concentrations of credit risk. The maximum exposure to credit risk for the Group and the Company are represented by the carrying amount of each financial asset.

Liquidity risk

The Group and the Company's holding of short term financial assets minimises liquidity risk as there are sufficient liquid assets to meet the Group and the Company's operating requirements for the foreseeable future.

Interest rate risk

The Group and the Company are exposed to interest rate risk through the impact of rate changes on interest on short term deposits with licensed banks. The Group and the Company manage its interest rate risk for the interest-earning deposit placements by placing such balances on varying maturities and interest rate terms.

Foreign currency risk

The Group and the Company have a potential currency risk exposure in its trade transactions with a number of foreign companies where amounts owing by/to these companies are exposed to currency translation risks. The principal closing rates used in translation of foreign currency amounts are disclosed in Note 1(n). All foreign exchange gains and losses are taken up in the income statement. Exposure to foreign currency risk is monitored on an ongoing basis and when considered necessary, the Group and the Company will consider using effective financial instruments to hedge its foreign currency risk.

Effective interest rates and repricing analysis

In respect of interest earning financial assets, the effective interest rate at the balance sheet date and the periods in which they reprice or mature, whichever is earlier.

	Effective interest rate per annum %	Total RM'000	Within 1 year RM'000	More than 1 year RM'000
2005				
Financial assets				
Short term deposits	2.76	204,629	204,629	-
2004				
Financial assets				
Short term deposits	2.60	246,269	246,269	-

Fair value

The carrying amount of financial assets and liabilities approximate fair value due to the relatively short term nature of these instruments.
