CONFIGURING PARENTAL CONTROLS VIA THE TIME INTERNET APP

For Huawei devices (Huawei HG8145V5 and WA8021V5) only.

1. Activate extra features in the Time Internet app.
 - a. Ensure your device is connected to your home WiFi network.
 - b. Log in to the Time Internet app using your Self Care credentials.
 - c. Swipe right until you see the **Control Hub** screen.
 - d. Tap on **Start Now** to activate extra features.
 - e. Allow Location permission for the app to detect your connected WiFi.
 - f. Tap on **Confirm** to activate.
 - g. Once activated, you will see extra tools to manage your WiFi network.
2. Tap on the **Parental Controls** icon then the **Set Up Now** button to get started.

3. From there, you will be able to create a Profile name, select the device(s) you want to limit, set the start and end time for the device(s) to access the Internet and add websites to block. Your selected device(s) will not be able to connect to the WiFi outside the access period you've set. The access period can also be changed, added and removed after it has been set. Your blocked websites can also be managed the same way.

4. After you're done, tap on **Create Profile** to proceed. You will see the profile you have set up on the **Parental Controls** screen. You can turn the profile on or off by toggling the button on the right. Tap on the **+** symbol to add another profile. To delete, swipe left on the selected profile and tap on **Delete**.

5. To edit a profile, simply tap on the name. Tap on **Save** on the top right after you have made your changes. You can also delete your profile from this screen.

The screenshot shows a mobile app interface for 'PARENTAL CONTROLS'. At the top, there's a status bar with the time '9:41' and signal/battery icons. Below the title 'PARENTAL CONTROLS' is a 'Save' button highlighted with a red box. The main section is titled 'Create a new user profile' with a subtitle 'Set Internet access period and block websites on your device(s)'. The 'Profile name' field contains 'Sara'. Under 'Device(s)', there are two entries: 'Desktop_Name' with ID '0123456789' and 'Phone_Name' with ID '0123456789', each with a delete icon. Below this is an 'Add device' button. The 'Internet access period' is set to '07:00 - 21:00 ; Once' with a delete icon, and an 'Add new time' button is below it. The 'Blocked website(s)' field contains 'websitename.com' with a delete icon, and an 'Add new website' button is below it. At the bottom, there's a 'Delete profile' button. A vertical 'LIVE CHAT' button is on the left side.
